PROFESSIONAL SUMMARY

Healthcare commercial and operations leader with 13+ years across diagnostics, provider services, business development, and healthcare marketing. Promoted three times from Account Manager to Regional Vice President of Sales, reporting to the CEO and COO. Led multistate teams, established commercial infrastructure, and directed a criteria-driven EMR patient-identification service from concept through launch. Combines field leadership and provider implementation with CRM architecture, analytics, launch planning, and cross-functional execution.

CORE COMPETENCIES

Commercial Operations | Sales Leadership | Strategic Planning | Recruiting and Team Development | Field Coaching | Performance Management | CRM and Forecasting | Territory Planning | Pipeline Management | Go-to-Market Strategy | Product Ownership | Launch Readiness | Provider Implementation | Business Development | Sales Enablement | Process Improvement | Cross-Functional Leadership | Vendor Management

PROFESSIONAL EXPERIENCE

GeneID Advanced Molecular Diagnostics | January 2019 - August 2026

Regional Vice President of Sales | February 2025 - August 2026

Remote, multistate | Reported to CEO and COO

- Led two district managers and a multistate account-manager team; oversaw patient support through a direct-report manager and coordinated with 100+ embedded field specialists.
- Established KPIs, SOPs, training, onboarding, and account-management processes during a hiring freeze; then hired seven representatives in eight weeks, expanding the team from five to 12.
- Managed recruiting, candidate evaluation, field coaching, performance reviews, and corrective action; clarified expectations and streamlined the application-to-hire process.
- Built HubSpot architecture, workflows, territory segmentation, forecasting, and analytics covering 36,000+ provider organizations and 47,000+ clinicians using Alpha Sophia, IQVIA, and event-sourced contacts.
- Built a commercial analytics dashboard connecting screening, laboratory submissions, insurance verification, call activity, and CRM reporting; replaced manual spreadsheet roll-ups for forecasting and executive reviews.
- Established operating rhythms and performance reporting with the CEO, tracking revenue, productivity, contribution margin, new accounts, and territory performance; collaborated on incentive structures.
- Directed commercial strategy for a portfolio whose estimated gross reimbursement potential at Medicare rates increased from approximately $17M in 2024 to $20M+ in 2026.
- Conceived GeneID Insights, a criteria-driven EMR patient-identification service; owned business requirements, feature priorities, workflows, testing, and release approval with a third-party development vendor.
- Led launch planning, positioning, competitive differentiation, provider education, field enablement, and implementation readiness for diagnostic offerings and GeneID Insights.
- Partnered with billing and IT to improve proprietary medical-necessity screening software and address causes of genetic-testing denials; coordinated issue resolution across clinical operations and patient support.
- Analyzed patient-outreach conversion and account viability to guide qualification, scheduling, provider engagement, and support priorities; managed diagnostic pathways through specimen tracking and results delivery.

Regional Vice President of Sales | February 2025 - August 2026 (continued)

GeneID Advanced Molecular Diagnostics

- Developed role-specific training hubs, certification checkpoints, playbooks, and provider and patient resources, including bilingual English and Spanish materials and Synthesia training videos.
- Ran cross-functional meetings across sales, software development, billing, clinical operations, and patient support, managing milestones, dependencies, vendors, operational risks, and executive updates.
- Developed a proposed sales compensation and role redesign for CEO consideration, including separate acquisition and account-management responsibilities, salary bands, and transition planning.
- Researched competing diagnostic laboratories and presented solutions to physicians, practice owners, administrators, and healthcare operations executives, aligning clinical value with business priorities.

Regional Sales Director | December 2023 - February 2025

Texas, Georgia, Kentucky, Maryland, West Virginia

- Opened 69 physician ordering accounts across primary care and women's health, coordinating implementation of an embedded genetic-testing specialist model.
- Redesigned provider onboarding and bilingual training resources, reducing practice go-live from approximately three weeks to seven days.
- Introduced CRM pipeline reviews, forecasting, and accountability practices; developed and promoted representatives into senior sales and leadership roles.

District Sales Manager | October 2022 - December 2023

Texas

- Opened 34 physician ordering accounts across primary care and OB/GYN; supported deployment of embedded specialists and provider screening workflows.
- Coached representatives through ride-alongs, field mentoring, performance reviews, sales analytics, and pipeline management.

Account Manager | January 2019 - October 2022

Houston, TX

- Named Top Performing Account Manager in 2020, 2021, and 2022; built a new territory to 16 active ordering accounts through consultative selling and clinical education.
- Educated clinicians on hereditary cancer, reproductive genetics, and pharmacogenomic testing and supported adoption within practice workflows.

ClickMD Patients | April 2015 - January 2019

Healthcare Consultant

Founder of independent healthcare consulting business

- Advised physician practices, imaging centers, ambulatory surgical facilities, and hospitals on referral growth, patient acquisition, business development, and healthcare marketing.
- Managed marketing programs exceeding $500,000 annually, evaluating ROI, patient acquisition costs, and channel performance across radio, digital, outdoor, websites, SEO, and events.
- Developed direct-to-consumer campaigns for orthopedic, spine, podiatry, urology, ENT, and plastic surgery practices; coordinated provider and facility co-marketing.

Houston Orthopedic & Spine Hospital | July 2013 - April 2015

Marketing Specialist

Houston, TX

- Coordinated referral development for 26 orthopedic and spine surgeons; supported vendor co-marketing, digital and billboard campaigns, website development, and SEO.
- Tracked campaign response using dedicated call numbers integrated with Salesforce and coordinated patient routing to appropriate specialists through the patient support call center.
